

Chapter 19.70 AOZ AIRPORT OVERLAY ZONE

19.70.100 Precision instrument runway approach zone--Established.

Precision instrument runway approach zones are hereby established, with the inner edge of this approach zone coinciding with the width of the primary surface, and are one thousand feet wide. The approach zone expands outward, uniformly, to a width of sixteen thousand feet at a horizontal distance of fifty thousand feet from the primary surface, its centerline being the continuation of the centerline of the runway. (§ 1 (part) of Ord. passed 8/22/84: prior code § 22-30A-6)
